Alexandra Beloborodova

Frontend Developer

React | TypeScript | Next.js | Vite

Tailwind CSS | React Query | Jest | Git

I'm a self-taught Frontend Developer with 1 year of hands-on experience building React/TypeScript applications. I've spent 500+ hours learning
modern web development and built 3 production-ready projects with 95+ Lighthouse scores. My background in team management (15+ people) taught me how to collaborate and solve problems - skills I'm excited to bring to a dev team. Looking for a junior role where I can contribute and keep growing.

Portfolio

Experience

Frontend Developer
Personal Projects & Portfolio Development
March 2025 - Present

- I've developed 3 production-ready applications using React/TypeScript;
- Set up CI/CD (Vercel) and Jest tests;
- Implemented performance optimizations (LCP: 3.6s → 1.6s);
- Integrated REST/GraphQL APIs and implemented client-side state.

Team Manager
Esports (Team Warriors of Aether)
Jan 2015 - March 2025

- I managed competitive roster of 15+ players → similar to agile team coordination;
- Analyzed performance metrics and KPIs → data-driven decision making;
- I've built a collaborative team environment and helped resolve conflicts → soft skills for dev teams;

→ Transitioned to Frontend Development to combine analytical skills with technical expertise.

Marketing & Communications
Freelance / Contract (various organizations)
Oct 2018 - March 2023

- I planned and ran digital marketing campaigns across social, email, and PPC channels;
- Monitored campaign performance (CTR, CPA, conversion), provided deep market analysis;
- I worked with designers and product teams on marketing materials and kept everything on-brand.

Skills

Tech Frameworks Libs
- Tailwind CSS
- Responsive Design
- React
- React Query
- Next.js
- TypeScript
- HTML5
- CSS3
- JS

Tools & Infra
- Git
- GitHub Actions
- Vercel
- Netlify
- Vite

Testing & QA
- Jest
- Playwright

Soft Skills
- Collaboration
- Communication
- Problem Solving
- Fast Learning
- Adaptability
- User-Centric Thinking

Education & Certifications

Prague University of Economics And Business
Bachelor's degree & Master's degree
Sept 2016 - June 2022

Self-Taught Frontend Developer
- 500+ hours of coursework
- 10+ projects using React, TypeScript, Next.js

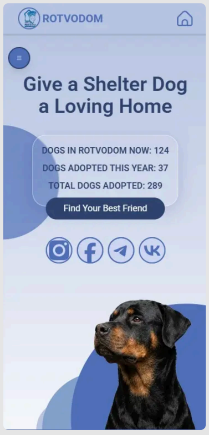
Sept 2019 - Jun 2022

freeCodeCamp
Responsive Web Design Certificate
Dec 2025

Projects

DOG SHELTER SPA
- Responsive adoption service with modern UI; landing page with 95+ Lighthouse score;
- Code splitting, lazy loading, image optimization (LCP: 3.6s → 1.6s).

Live Demo



WEATHER FORECAST APP
- Real-time forecasts (dark/light theme) with OpenWeather API integration;
- Offline-first; geolocation, 50+ cities, LocalStorage;
- Jest unit tests, 85% coverage.
